

How Free Is Your Will

J. LeDoux

How free is your will? Do you have control? Are you in charge? Who's running your soul?	How free is your will? A truth to be hold The secret of peace A story to be told
How free is your will? Are you automatized? Just a bundle of habits? Is your freedom disguised?	How free is your will? The way to stand tall The basis of good The hope for us all
How free is your will? Do you make up your mind? Do you decide? Or are your choices blind?	Free will A truth to be hold The secret of peace A story to be told
How free is your will? Perhaps an illusion A mystery Convenient delusion	Free will The way to stand tall The basis of good The hope for us all
How free is your will? Once you decide Are you compelled? Do you have to abide?	
How free is your will? Can you change your mind? Reverse direction Leave a choice behind	
How free is your will? Well of dignity Fountain of pride Sea of grandiosity	
How free is your will? The stuff of lore The source of evil The reason for war
