

## **Your Dreams**

J. LeDoux

---

What does it look like when you dream?  
Is it in black and white or is there a color scheme?  
Are there sounds when you sleep?  
Are they noisy or in harmony?

Does time go to your future or your past?  
Does it stop or does it fly by fast?  
Is every night in a different space?  
Or do you return to a strange and secret place?

Do you dream about me the way I dream of you?  
If you do you must want me the way that I want you  
In my dreams you are always around  
You are always in my dreams in color and sound  
I wish I knew if in your dreams we are together  
Cause in my dreams of your dreams we are forever

Do you remember your dreams when you wake?  
Are your dreams there for you to take?  
Can you control your dreams when you sleep?  
Do you regret a dream, one you didn't keep?

Are your dreams about your hopes and fears?  
Are they disguised or is their meaning clear?  
Do you dream about the day and its ups and downs?  
Or are your dreams just your brain spinning round?
